JAPANESE SHOT AND KILLED.

A Fierce Fight in a Coffee Field in

the Kona District.

a serious fight took place in the

Kona District on Hawaii, in which

a Japanese was shot and killed and

a policeman had his skull crushed

in by being struck with a hoe. The

news reached here yesterday by

the steamer Hawaii. The particu-

lars are few and the whole story

will not reach this city until the

arrival of the steamer W. G. Hall,

due here this afternoon. It seems

that about fifteen Japanese were on

a native man's land, picking coffee

three policemen, and when the offi-

sued, the report says, a policeman

shot one of the Japanese, resulting

in his death. The other Japanese

The Electric Franchise Causes Another Discussion

RESIDENTS WANT IT TO BE GRANTED.

A Letter from Gresham in Regard to the Seal Fisheries-Fish Market Question Comes Up Again-Bill to Exempt Artieles for Bishop Museum from Tax.

The Councils met yesterday afterfrom his bushes, and they refused noon, with Chairman Wilder preto go when he ordered them to siding. There were present Presileave. The man then hunted up dent Dole, Ministers Hatch, King, three policemen, and when the officers reached the scene, they met with resistance on the part of the Japanese. In the fight that ensued the report says a policeman three policeman and Smith, and Councillors D. B. Smith, McCandless, Allen, Waterhouse, Nott, Emmeluth, Morgan, Ena and Bolte.

The minutes of the preceding meet-

ing were read and approved. Mr. McCandless presented the following petition:

4th. That the legislation required

for such charter is of a local character, and the present Advisory Council, being composed almost entirely of residents of this city, are better able to judge of the needs of this city, so far as rapid transit is concerned, than a Legislative body, composed of mem-bers elected from different districts of the Republic.
5th That, if the amount required

Canadian Pacific Railw') to build and equip such road is as large as it is represented by the person applying for such charter, it would be difficult to obtain it in this community, and, therefore, it is in the interest of this city that foreign capital be cordially invited to undertake the con-

struction of such road. 6th. That, in the opinion of your petitioners, the importance of securing the investment of such capital, TO ALL POINTS IN THE UNITED STATES when it is offered, is so great, they strongly urge your honorable body to seriously consider the matter of im-mediate legislation on the subject, so as to secure the early construction of such road, and especially in view of the fact that such construction will cause the expenditure of a large sum of money among the laboring men in this city. Honolulu, — day of September, 1894.

The above petition was signed by

seventy-three names. Mr. McCandless thought the only question was whether the Councils should act in the matter, and not wait for the Legislature to act. He moved that a committee of three or five be appointed to look into the matter.

D. B. Smith presented the following res lution from the American cause.

League: To W. C. WILDER, Chairman, and the Executive and Advisory Coun-

cils of the Republic of Hawait. GENTLEMEN:-I am requested by the American League to present to you the following resolutions, adopted at the last regular meeting of that organization:

Whereas,-The Councils of the Republic of Hawaii are vested by the Constitution with all the powers of the Legislature; and,

Councils a legislative matter, to wit, an application for a franchise for an electric street railway; Resolved,-That this organization

believes the Councils entirely capable of reaching a \*atisfactory determination in the matter. Resolved,-That, in the judgment of the American League, the Councils

should proceed to consider this application. Resolved,-That, in the event the said charter is granted, there should be full provision for the interest of

home labor. Resolved, - That the American League, having unbounded faith in the future of the islands and of Honolulu, believes that inducement should be offered to foreign capital and internal improvement and development

fostered. Very respectfully, Theo. P. Severin, Secretary A. L. Mr. Morgan wanted to know if any application for such a franchise had ever been put before the Advisory

Minister Smith was in favor of any proposition that would bring an elec-

President Dole said the matter was a new one here, and required a great deal of thought on the part of the Ex-ecutive in order to protect the public. ### THE CHINESE WORLD'S FAIR.

#### That Would Have Happened But For The War.

An exhibition of art and industry on a scale of unparalleled magnificence will take place in China during the present year, unless, indeed, the harsh blast from the trump of war which has resounded in the East shall dispel all desire on the part of the Chinese to engage in festivity. Mr. McCandless said he did not wish The exhibition will be given in bonor of the sixty-first anciversary of the birth of the Empress Dowager, that clever lady who until quite recently and for a score of years had been the actual director of the affairs of the Celestial Empire. Tenayson has voiced the feeling entertained by the Western world to-The Secretary presented a bill for ward the immobile and inscrutable \$302 for printing the biennial report of Orient in his famous lines: "Better fifty years of Europe than a cycle of Cathay." 'An exhibition, from partily finance report, which was accepted cipation in which Europe will be excluded, and in which none but the people of Cathay will take part, could, therefore, hardly be considered a "World's" Fair from our point of view. But since the 400,000,000 inhabitants of the Empire constitute quite a big world by themselves, and, according to Chinese conceit, all the regions lying beyond the Middle Kingdom are sunk in utter barbarism, the designation "a Chinese World's Fair" may not be inaptly

applied to the proposed exhibition.

In cost and splendor, at any rate, the proposed display will exceed anything ever witnessed in the Mid-dle Kingdom, and the contemplated expenditure of \$200,000,000 upon the award of the Tribunal of Arbitration constituted under Article 1 of the Treaty concluded between the two powers at Washington on the 29th of February, 1892. The preservation of the fur seal species, however, being an object of interest and concern to show will cause the outlay of money main display at Peking, there are to be celebrations in every town and city of the Empire. The plans for the great festival have been prepared by the Nei-Ko, or Imperial Cabinet, and have been forwarded to all the officials of the country.
